

Disclaimer

All information and geospatial analysis tools provided by the developer (ITC-UTwente) and Afrialliance consortium partner ("we"), in this demo package are for educational and research purposes only. We assume no liability as a result of the use of data and information derived. The toolbox also contains links to other websites containing content belonging to the original site owners a/o other third parties. Such links are not continuously followed nor investigated by us, and web access to those sites might change without prior notice. All procedures are open source and available in the toolbox for own verification by the user.
